01 OVERVIEW

JBC is bridging the gap between the Internet of Things (IoT) and blockchain technology.

JBC's core business is the offering, integration, and management of crypto connected smart devices which participants of the JBC Smart ecosystem can easily use in their homes and daily lives.

In addition to smart devices JBC also offers a blockchain drive App (JBC Hub 2.0) in which users can provide liquidity, stake tokens and conceive a market for others to exchange their native tokens.

The JBC platform offers a hassle-free experience, thereby providing users with ease of access to a lot of functionalities and smart devices.

JBC token is the native currency of the platform. The JBC token can be used to acquire products in the JBC webshop or pay for subscription fees.

JBC's main goal is to become the largest supplier of blockchain backed smart devices.

02 OUR MISSION

JBC has the radical mission to integrate decentralised finance into the homes of people worldwide.

SMART

At JBC we believe in working smarter, not harder. Our products will make your life easier. Our JBC Hub unlocks strong crypto tools right at your fingertips and the JBC Smart App allows you to control your entire home from your phone.

CONNECTED

All products offered and developed by JBC have an interoperable communication layer which ensures any functionality you are looking for is never more than a few clicks away.

INTEGRATED

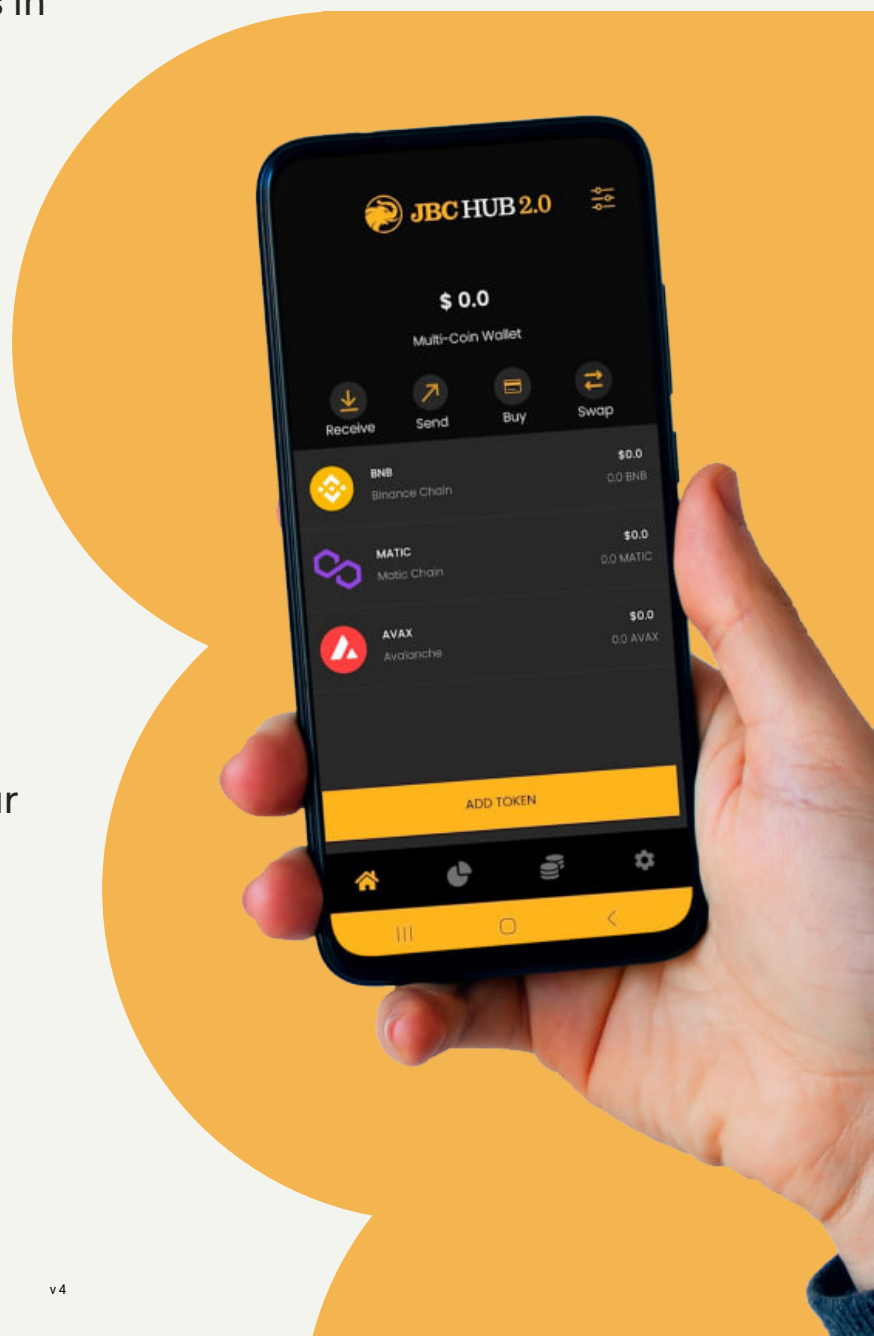

Our main vision is to provide an all-in-one application. "JBC Hub", at your fingertips; offering you all the Smart Devices and smart crypto tools that you need.

03 JBC HUB

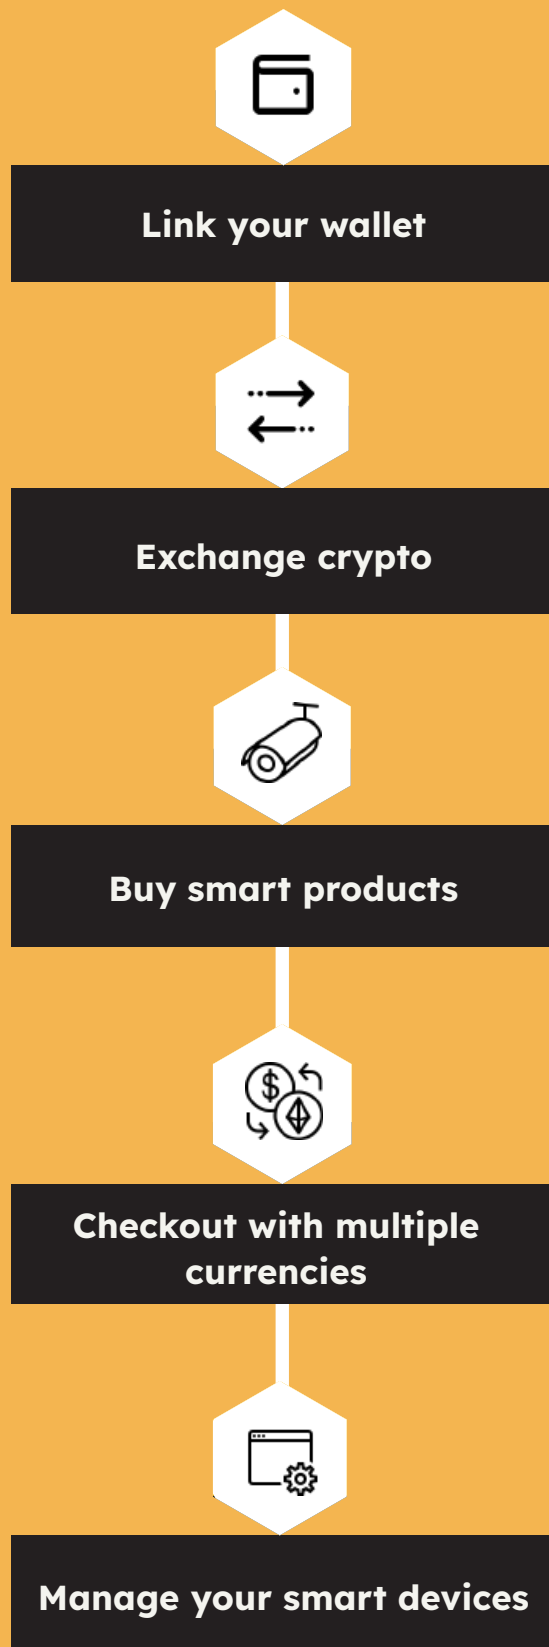

At JBC, we brainstormed, designed and finally developed the perfect app to provide you with all the crypto tools so that you can control all your digital assets from one spot.

- ▶ Multiple blockchain tools in one App
- ▶ Push Notifications
- ▶ JBC Token as main currency
- ▶ Blockchain backed security
- ▶ Access from your phone
- ▶ Easy management of your purchases
- ▶ Push notifications
- ▶ NFTs
- ▶ Dapp Browser

04 HOW TO USE JBC HUB 2.0

Decentralised Exchange

- ▶ Easily swap crypto
- ▶ Access to 5 chains
- ▶ Stake and provide liquidity

Storefront

- ▶ Crypto smart devices
- ▶ Global shipping
- ▶ Cloud storage
- ▶ Pay with JBC token or fiat

Management

- ▶ Device management
- ▶ Push notifications
- ▶ Add more storage

05 BENEFITS

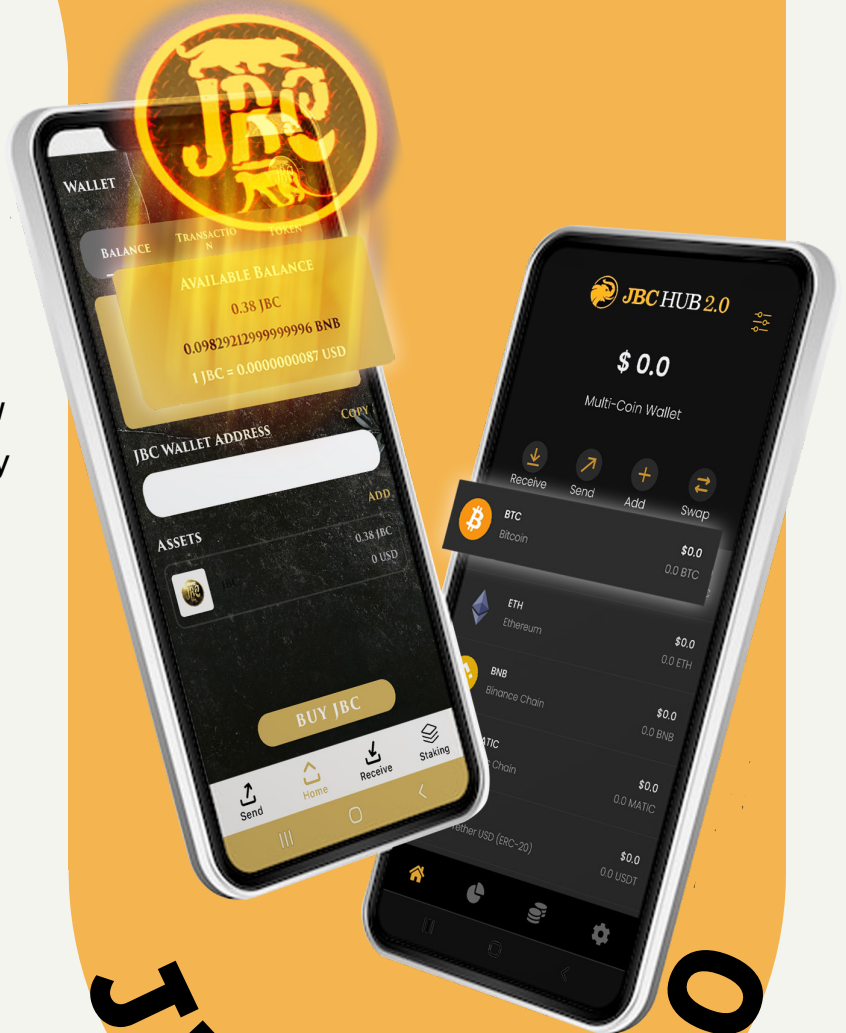

JBCPAY

JBC Pay payment gateway is a service that will allow merchants to accept payments in cryptocurrencies such as Bitcoin, Ethereum, BNB and our native currency JBC.

The gateway will act as an intermediary between the merchant and the customer. JBC Pay will allow merchants to accept cryptocurrency payments without having a crypto wallet. We also ensure that merchants do not have to undertake any painful conversions in the process. Once the merchant receives the payment for their goods or services, they can convert that currency accepted to fiat.

JBC Pay will allow for near-instant and borderless transactions. Merchants can receive payments from customers in different countries without the need for international bank transfers or currency conversion fees.

The JBC Hub 2.0 mobile app is available on both iOS and Android platforms.

JBC HUB 2.0

06 SMART DEVICES

You can record to the JBC cloud with up to 1080p video on a single camera or multiple cameras.

Your clips save to the JBC Cloud for up to 14 or 30 days after recording. Simply connect your camera to your WIFI router using the JBC Smart app.

Smart Camera Pro

- ▶ 4G ready
- ▶ Cloud storage
- ▶ Long battery life

Smart Camera Classic

- ▶ WiFi connected
- ▶ Wireless
- ▶ Cloud storage
- ▶ Pay with JBC token or fiat

Smart Doorbell

- ▶ Day/Night vision
- ▶ Rechargeable battery
- ▶ PIR detection
